My Name is Angel Rivera and I'm here to testify. First I wanna thanks all of you for keeping the good fight. As an American citizen I'm really grateful to Have all our God given right. But most important our second amendment. As a victim of a crime I know the importance of it. In 2014 I was victim of An ambush getting shot multiple times. After that I start to understand how firearms work. And I got to understand The laws does not affect criminals. Criminals are criminals because they don't comply with the law. By restricting and banning are most affective firearm to protect our home Is a direct impact to us American citizens that follows the law.
